- Own vehicle.
- Can relocate.

About me

I'm Miguel Ángel, a Computer Science last year student from Spain. I am also studying a Master in Quantum Computing and have background in Physics from three years before moving onto CS. I am looking for a position in which I can develop my Bachelor and Master thesis in the subject of Quantum Computing..

Fields I'm interested in are the following: **Quantum Computing, Artificial Intelligence, Machine Learning** and **Computer Vision**.

Skills

Technologies and Frameworks:

- Python
- TensorFlow
- MediaPipe
- C/C++
- OpenCV
- Unity
- Java
- Keras
- Git
- R
- Caret
- LaTeX
- Qiskit

Experience

Private tutor in Physics, Mathematics and Chemistry

September 2017 - Today
Extra classes for students between the ages of 8 and 18.

Other

IBM Qiskit Global Summer School 2024.
